

GUIDE

Installation of shelves with brackets

Need more divisions?
Install adjustable shelves and create more sorting options.

Unpack the shelf and fittings

Remove packaging from shelf set.
Shelf set consists of 1 shelf and
4 brackets.

Find the height of the shelf

Open the waste bin and find the desired location of the shelf.

Note: Bica Advanced: Option for 3 levels.

Note: Bica Basic: Option for 1 level.

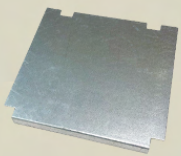

Place the brackets

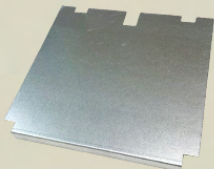

Pick up the four brackets and place them one by one in the prepared holes in the waste bin. Make sure that the brackets is installed correctly before placing the shelf, otherwise the shelf will tilted.

Place the shelf

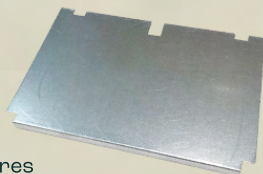

Take the shelf and tilt it vertically so that it can enter the waste bin. Now place the shelf on top of the 4 brackets in the waste bin.
